

NO QUIBBLE MATERIALS WARRANTY

We believe in the quality of ColourShed and as such we back it with a no quibble guarantee. If the materials fail under the scope of this warranty, we will arrange the repair or replacement of the damaged part. If you need to make a claim on the warranty, please contact customer services at our head office on 08006 444 113, once a warranty claim has been submitted we will advise within 5 working days of the next steps to be taken.

Climar Ltd warrants that:

For 25 years from the warranty/invoice date; **ColourShed** materials will be free from material and manufacturing defects; will not suffer damage from natural weathering nor the paint surface flake, rust to perforation, warp, peel or otherwise deteriorate.

This warranty is subject to the following terms and conditions

All component parts of the shed have been supplied and fitted by an approved installer in accordance with fitting instructions and the product is washed directly by rain or clean water at least every six months. The shed is installed on a stable and level base or a ColourShed base frame and is secured to the ground in accordance with the fitting instructions.

Remedy

If, during the period of this warranty, the product fails to perform as defined above, we will replace or repair at our option the part found by us to be defective. Following resolution, all replaced parts must be returned via the installer to Climar Ltd for inspection and testing to determine the cause of failure.

Exclusions

1. This warranty replaces all other conditions or warranties whether oral or written, express or implied.
2. We will not accept liability for any other direct or indirect losses or damages including injury to persons, or damage to property and consequential loss or damage however they occur.
3. Natural reduction of paint gloss is not covered by this warranty
4. This warranty does not apply where failure of the product is partly or wholly due to any of the following:
 - Damage sustained (including severe scratching or abrasion of paint finish) after installation resulting from maltreatment, neglect or changes made by an un-accredited party;
 - Movement of the ground or structural defects of any buildings or intrusion of vegetation;
 - Extreme winds or adverse loads;
 - Contact with moisture-retaining or incompatible substances including concrete (apart from footings), bitumen, soil, ashes fertilisers, lead, copper, monel metal, bare steel, stainless steel and timber.
 - Contact or coating with corrosive substances including harmful chemicals, pool water, water runoff from lead or copper, or green, wet or treated timber or insufficient cleaning;
 - The shed is within 1 km of severe industrial or other corrosive environments;
 - Acts of God.
5. Water ingress or condensation.

Extension of benefit- The benefit of this warranty extends to the buyer and to the property owner.

Definitions- Product means the product for which this warranty is issued.

These guidelines are part of the warranty conditions and help maximise the life of the product.

After installation

ColourShed should only be fitted on a stable base or a ColourShed base frame and be secured to the ground in accordance with the fitting instructions. Ensure you are happy with the installation and alert the fitter to any issues immediately.

Cleaning and care

Ensure that the guttering and down pipes where applicable do not become blocked by debris. We don't warrant against harmful chemicals, including water from swimming pools and overspray of garden chemicals so if there is a spill, hose the shed down before the chemical or pool water dries. If you live within 1km of the coast or you are concerned that your shed may be exposed to potentially harmful chemicals, it is recommended that you hose it down every six months (take care to direct water flow away from the roof venting).

Over the lifetime of your shed

Minor scratches won't affect the performance of your shed, don't paint over minor damage as colours are unlikely to match over time. Don't climb on your shed and do not allow snow to settle on the top in depths of over 15cm. If you are concerned about damage to your shed call our head office number for advice 08006 444 113
